

# Linn-Mar Athletic Enhancement Program

## Students entering grades 9-12 in 2022-23

LMHS hires in professionals from Elite Fitness to manage our strength program. We work to offer multiple opportunities for kids in the summer, and before and after school opportunities during the school year.

When students are “out-of-season” we want them to lift 3 times a week. When students are “in-season” their teams will have 2 times a week for them to lift. The Elite Fitness group manages all of these weight programs and daily sessions for us.

We are asking that each student pay \$75 for year long strength training sessions at the high school. We have seen great athletic growth in kids who have committed to this program! The fee we charge to students is our estimate of the cost we will incur for managing the strength program. Any additional funds remain with the strength training program for maintaining/upgrading equipment.

Your fee covers all summer strength opportunities and, during the 2022-2023 school year, this payment will cover out-of-season strength sessions (before and after school), as well as in-season strength sessions with your team.

If you are interested in a scholarship, based on need, for this program please contact:

Tonya Moe – Athletic Director

\*\*\* If you are entering 9-12<sup>th</sup> grade and have signed up to attend summer football camp with Linn-Mar you do not need to make a separate payment to the LMHS Strength program as Coach Lovell will be paying your \$75 out of the fee you pay for summer football camp.

**It is important to note that during our strength training program, kids are required to use our workout programs. We do not allow kids to come in and do their “own” workout. This is not an “open” weight room session and we do not offer “open” weight room opportunities for students through our athletic enhancement program.**
